Action:

Response to Office

Action dated 5/3/06

The Examiner is requested to hold the objections to the specification and to claims 1 and 10 in abeyance. These XX's will be replaced with the appropriate accession numbers and dates of deposit after such information is received from the ATCC.

The Examiner's rejections to the dependency of claim 6 has been incorporated. Although the Applicant disagrees with the Examiner's suggestion that the genetic material is confusing, the Applicant believes that the Examiner's language is no different and thus has incorporated the Examiner's language for claim 12.

Respectfully submitted,

Dana Rewoldt, Reg. No. 33,762
